If Paul and I can do anything to help you we will certainly be here for you. We are with Brenda as I am helping take care of her and she is helping me take care of Paul. WE love you John.

Junior and Richard, I do know what your are going through. I lost my mother many years ago, it still hurts today but it is eaiser to deal with. When you know your parent isn't hurting and is with the Lord then you know she is better. She is waiting for you and your Dad when yall come there. If you are in church stay in church and if not make her proud and start to church and keep you dad in church because it would make her happy to see yall there with him. I went to school with your mom and dad, we grew up together and with Brenda. I am Brendas cousin. I love your mom and Dad and I love you guys and if we can help you in any way just let us know.
